

CHUKKA REDDY ANUSHA

Aspiring Data Analyst | AI & Data Science Intern | B.Tech Data Science

Tirupati, India | +91 9110314154 | chukkareddyanusha@gmail.com | LinkedIn | Portfolio | GitHub

Career Objective

A detail-oriented B.Tech Data Science student with hands-on experience in Python, SQL, Power BI, and Advanced Excel. Skilled in data cleaning, exploratory data analysis (EDA), ETL pipelines, data visualization, and building interactive dashboards. Interested in Artificial Intelligence, Machine Learning basics, and Business Analytics. Looking for an AI & Data Science internship to apply these skills in a professional environment.

Academic Profile

B.Tech (Computer Science - Data Science) — Sri Venkateswara College of Engineering, Tirupati | 2023 - 2027 | CGPA: 8.7

Intermediate (MPC) — Narayana Junior College, Tirupati | 2021 - 2023 | 91%

SSC — State Raju High School, Rayachoty | 2020 - 2021 | 100%

Technical Skills

Languages & Databases: Python (Pandas, NumPy, Matplotlib, Seaborn), SQL, PostgreSQL, MySQL, SQL Server

BI & Data Visualization: Power BI (DAX, Power Query, Data Modeling, KPI Dashboards, Interactive Reports)

Data Analytics & AI/ML: Data Cleaning, EDA, ETL, Statistical Analysis, Data Modeling, Machine Learning Basics, Predictive Modeling, Business Intelligence

Projects

Global Startup Success Performance Analysis Dashboard | Python | SQL | Power BI | DAX

- Cleaned, transformed, and analyzed startup funding and growth data for 1,000+ records using Python and SQL.
- Built DAX measures and a relational data model in Power BI to create an interactive dashboard with 10+ KPI cards, drill-through visuals, and dynamic slicers.
- Used the dashboard to study investment patterns and present insights on startup performance and investor trends.

Superstore Sales Performance Dashboard | Excel | Power BI | DAX | Power Query

- Cleaned and transformed raw sales data using Excel Power Query and built a relational data model with DAX measures in Power BI.
- Created an interactive dashboard to track regional sales, profit margins, and product performance with dynamic filters and drill-through visuals.
- Identified top-performing regions and underperforming product segments to support sales decisions.

Experience & Training

Data Analytics Trainee - Self-Directed Project-Based Learning (2024 - Present)

- Built 5+ end-to-end analytics projects covering data ingestion, cleaning, EDA, ETL, visualization, dashboard development, and business insight delivery using Python, SQL, Power BI, and Excel.

AWS Solutions Architecture Virtual Experience - Forage (2024)

- Completed a virtual program covering EC2, S3, Lambda, auto-scaling, and high-availability cloud architecture fundamentals.

Certifications

- SQL (Advanced, Intermediate & Basic) - HackerRank (2024)
- Complete Guide to Power BI for Data Analysts - LinkedIn Learning (2024)
- SQL for Data Analysis - LinkedIn Learning (2024)
- AWS Solutions Architecture Virtual Experience - Forage (2024)

Achievements & Additional Information

- Deployed a personal portfolio website on GitHub Pages showcasing Data Analytics, Power BI, and SQL projects.
- Completed the Forage virtual internship and the Simplilearn SkillUp bootcamp.
- Earned HackerRank SQL certifications in Basic, Intermediate, and Advanced levels.
- Strong communication and teamwork skills.

Personal Profile

Languages Known: English, Hindi, Telugu

Address: Tirupati, India
